MEAT ON THE BONE

Grilling in this culinary manner allows the cut of meat to soak up all the flavour from the bone and marrow within, while preventing the meat from drying up or being unevenly cooked. This results in meat being richer, juicier and packed with mouth-watering flavour.

STEAK GRILLING GUIDELINES

Blue
A completely red centre means a cool and deliciously pure inside, with an exterior seared for less than 2 minutes.

Rare
Tender, warm and glowing red on the inside, seared for slightly longer with some juices flowing.

Medium Rare
The most popular choice, buttery and flavourful from the melted fat with a beam of red in the centre.

Medium
Blushing pink all over and slightly firmer, the delectable flavour remains, yet there are less juices.

Medium Well
A dash of pink in the centre, this is a much firmer option with some tenderness lost from a more charred outside.

Well Done
Darkly charred on the outside with an evenly cooked centre, this will be slightly firmer with no juices flowing.
